Prep-meeting for PATPA‘s Anglophone African Regional Group (virtual) Workshop 2022

Objectives

- Go deeper into the different **adaptation reporting "vehicles"** (NAP, NDC, NC, BTR) and how they can be combined/how they differ?
- **Exchange of experiences** with regard to preparing, or having already prepared, your **adaptation communications**.
- How **information and data collection** for **M&E** of adaptation can **feed into reporting purposes**?
- How to leverage existing reporting on adaptation to **prepare the BTR** ?

Virtual Workshop: 3 hours stretched over 3 days

Day 1

-Status Quo: What are the different communication /reporting formats that countries can choose?

-Country experiences

Day 2

-Information and data collection for M&E of adaptation for reporting purposes

-Country experiences

Day 3

-Reporting on adaptation through the Biennial transparency report (BTR)

-Country experiences

> Through an interactive format and peer-learning

Target group

East, West and Southern African countries :

- Representatives of sectoral ministries, experts involved in reporting on adaptation;
- Representatives of academia, civil-society organizations and other stakeholders related to adaptation
- Experts from national statistics offices that collect data for adaptation
- Experts from planning ministries, finance ministries

Countries of **PATPA's *Anglophone African Regional Group***: Botswana, Egypt, Eritrea, Eswatini, Ethiopia, Gambia, Ghana, Kenya, Lesotho, Liberia, Libya, Malawi, Mauritius, Namibia, Nigeria, Rwanda, Seychelles, Sierra Leone, Somalia, South Africa, South Sudan, Sudan, Tanzania, Uganda, Zambia, Zimbabwe

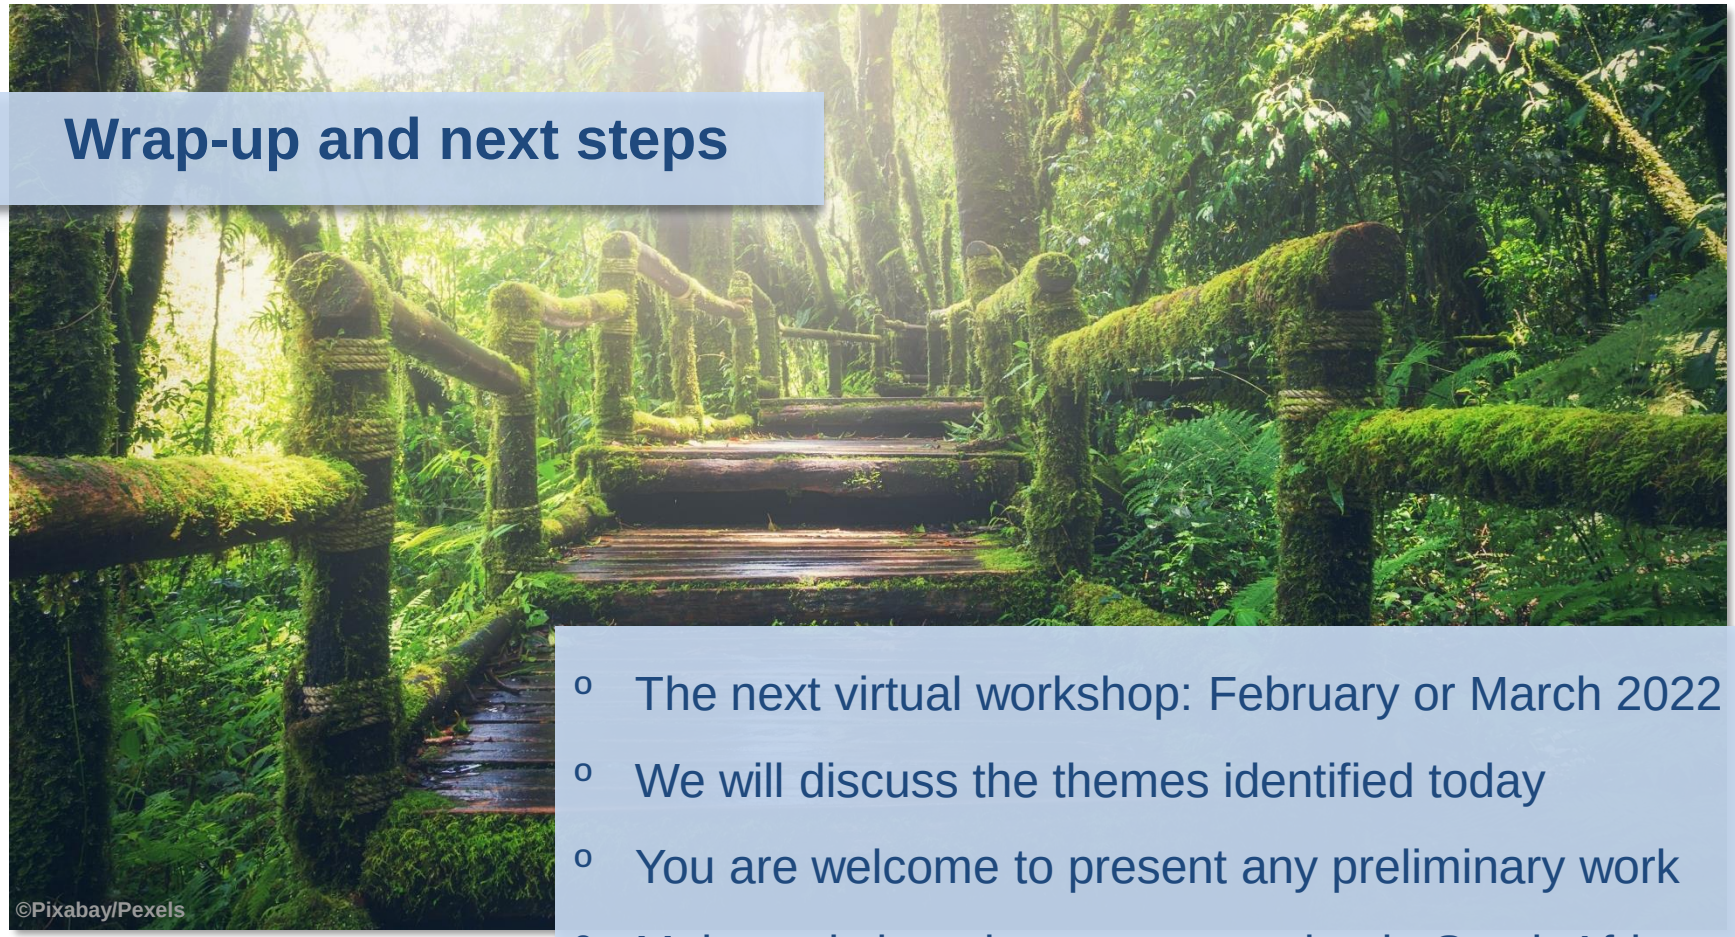
Announcement: NDC Handover Checklist launch event:

Wednesday, December 15th, 9:00 - 10:00 CET
or
Thursday, December 16th, 16:00 - 17:00 CET

- The NDC Handover Checklist is a tool **created for governments** to document all information relevant to their NDC revision and update process.
- Its main objective is to **maintain the knowledge of the key aspects from the recent NDC revision process** and thereby **prepare for future NDC update processes**.
- The checklist is developed as a **flexible template** that can be **tailored to the context of each country**. Governments can fill in the checklist and share it with relevant stakeholders at their own discretion.
- The tool was developed based on the **experience of GIZ and Climate Analytics** as well as experts from partner organizations.

Wrap-up and next steps



- The next virtual workshop: February or March 2022
- We will discuss the themes identified today
- You are welcome to present any preliminary work
- Main workshop: in-person meeting in South Africa envisaged (date & topic tbc)
